

WHO IS THIS MAN?

Chaplain Wiseman is a graduate of Olivet Nazarene College. He has his Masters degree from seminary and has been an associate pastor, as well as a pastor of five churches. Chaplain Wiseman was a Research Associate for the *Young Adult Studies* and a member of the Sunday School staff at Nazarene General Headquarters before coming to Trevecca.

So, if you need a friend to confide in, Chaplain Wiseman is available. Dr. Moore assured me that the Chaplain's confidence was in the Chaplain's ability to keep a confidence. Take time to get to know him. Don't let your doubt control you if there is a question. I've found him to be really great in informal situations and just a neat guy to talk with.

What about his teaching? That

won't even effect his primary goal which is the student, administrators, and anyone who wants to talk. Dr. Moore definitely states that teaching is secondary in values with the Chaplain and his primary assignment is to help students. Thus he has no administrative or judiciary responsibilities. This allows him to coordinate campus counselors and to encourage and direct regular devotionals in chapel, classes, and clubs.

So do you need a friend? Now you know. Put him to the test. See if he will listen and accept you. Who knows — your life may be enriched.

Finally, if you have a new way to stimulate chapel services or just want to gripe a little, he is the man to see.

MCCLURKAN BASEMENT

Because of its central location on campus as well as the availability of space, the basement of McClurkan was chosen as the center for all student related activities. The student offices were the first to be moved to McClurkan. To provide a place for off-campus students to come to, a lounge was recently placed in one of the rooms. To complete the center the bookstore and the post office were moved to the basement this quarter. The bookstore was relocated primarily because Hardy Hall was torn down. The post office

was then moved to be adjacent to the bookstore and, thus, make it more convenient for students. Both the bookstore and the post office were moved so that they could have the extra space needed. With all student related activities at one location it is now easier for more students to come by and visit the student offices. Tentative plans are to transfer the mailing and duplicating department to McClurkan and to provide more canteen services such as a coffee machine and candy machine.

ATTENTION: 18-21 YEARS OLD

APPROXIMATELY 3,000,000 18-20 YEAR OLDS HAVE REGISTERED TO VOTE AT A 2.7 TO 1 DEMOCRATIC RATE, ROBERT WEINER, NATIONAL YOUTH REGISTRATION COORDINATOR FOR THE YOUNG DEMOCRATS OFFICE AT THE DEMOCRATIC NATIONAL COMMITTEE, ANNOUNCED TODAY. THESE ARE THE RESULTS OF A SURVEY OF SECRETARIES OF STATE AND VOTER REGISTRATION COORDINATORS ACROSS THE COUNTRY CONDUCTED BY THE YOUNG DEMOCRATS' NATIONAL HEADQUARTERS IN WASHINGTON, D.C.

This total represents 27 per cent of the 11½ million eligible 18-21 year olds with the presidential election coming up in more than ten months. The total registered at this early time surprises many political analysts who had predicted that young persons would not register in large numbers.

Results were obtained from thirty-two states, as well as a breakdown of party registration for fourteen.

The National Young Democrats, Weiner said, have been conducting an intensive registration drive in the 18-20 year old age group since June 1, 1971. They have sent teams of canvassers to assist local groups, sponsored rock concerts, held statewide and local registration workshops, and utilized telephone banks and other techniques. College, high school, and non-student youth are all being urged to register.

Weiner also praised the many local and national groups besides

the Young Democrats which have contributed to what he termed, "an excellent beginning." He stressed, however that it is only a beginning, and that the critical period for registering young voters will be the next six months, in order for these voters to have the maximum impact on next year's Presidential, Congressional, and local elections. Weiner cited the 2.7 to 1 Democratic to Republican

registration ratio nationwide as proof that "the young people of American are ready for constructive, responsible change."

He added that anyone who would like to assist in the drive is encouraged to contact the Young Democrats' national headquarters, 2600 Virginia Avenue NW, Washington, D.C. 20037, Telephone 202-333-8750.

HONOR SOCIETY 71-72

The Trevecca Nazarene College Honor Society is composed of all those who have completed one year of college work and hold a 3.5 cumulative average.

Membership into the society is opened each Fall Quarter at which time those who meet the requirements are admitted. Junior College Graduates can be accepted immediately by a favorable vote of the societies membership. This year Marilyn Lail, a transfer from Mount Vernon Nazarene College, and Margaret (Penny) Welsh, a transfer from Brunswick Junior College, were accepted into membership with an Associate Arts Degree.

TNC Honor Society under the leadership of Miss Linda Muecke, President for 1971-72, is providing assistance to the school, students, and faculty. They serve in counseling the Freshmen, provide extra library hours during final exam week, and work in several self-study areas, during Commencement they also serve as ushers, marshalls and flag bearers.

The Honor Society exists to encourage and stimulate academic achievement on campus.

SELF-STUDY PROGRAM

Why is that professor never in??? I just have to see him. That professor is never in because the entire faculty is involved in a self study program for the Southern Association of Colleges and Schools. This involves a complete look at ourselves and concerns

BLACK STUDENTS SPEAK OUT

In a questionnaire given to eleven black students three major questions were asked.

To the inquiry of why they came to Trevecca, there were varied answers. Three were influenced by family, church, or friends. Two came because of the financial aid, and two because of the small size of the college. There are three who were interested in an atmosphere of Christianity and one wanted to get the farthest away from parents.

The major things the black students like about T.N.C. are the financial aid and the Christian atmosphere. Others liked the basketball program and the dorms.

Some suggested changes at T.N.C. were an increase in the black enrollment, the general Christian attitude, between blacks and whites, and the rules.

One of the students stated, "I think that the administration and faculty should be integrated, and that more programs should be introduced to aid in communication and understanding of black students. Many times I hear black students say "their college" instead of "our college" I get the feeling of being left out in most activities, except basketball. I think that public relations outreach should include more black communities in its tours.

Another black student thought that "the general Christian attitude of most people on campus should be changed. The student says, "It [the Christian attitude] should be reflected in a more meaningful way to show or back up what they claim to believe."

TNC STARTS TO REACH OUT

During the fall quarter several clubs participated in a project which involved Trevecca students in community work. The project, known as the Trevecca Recreational League, was first set up by Jerry Hull in the spring quarter of last year. Several students, along with persons from College Hill Church, provided recreational, inspirational and educational activities for thirty-five children from the community surrounding Trevecca.

This fall the program was revitalized with the help of Terrell Sanders, Bill Allen and Sharon Bowles and was restructured to allow for the clubs to take an active part. The Guild, the Afro-American Society, the Civinettes and the Civitans each took charge of one Saturday session and provided activities for the children. Each session took a different form; one involved a field trip to Fort Nashborough, another session was a trip to a puppet show and several sessions had games and other activities.

The program is one that could be set up permanently by the Inter-Club Council and would provide a channel for the college to help meet the needs of the surrounding community.

PLEASE LEAVE

On behalf of Mrs. Moore, Student Council, and Public Relations, I considered it as part of my responsibility to return home during the Christmas vacation and encourage my local Nazarene Church to continue to support Trevecca and especially the *Bus Fund*. Here is the result of my efforts.

On Dec. 26, 1971 I arrived at Northside Church of the Nazarene in Jackson, Mississippi. It was about 11:15 A.M. and the worship service was in progress when I entered the building. Several individuals looked at me as if they had seen a ghost. I heard the footsteps of two people getting up and leaving. I'm not completely sure whether they went out because of my presence. The preacher seemed to act completely normal. However, there were other individuals who did not feel that way.

While trying to focus my attention on the sermon and to feel normal, I was interrupted by a tap on the shoulder. Not knowing what to think or what was going to happen next, I immediately left my seat. As I stood up, I noticed two members (I assumed) nod their heads as if they were saying "Amen" to my action. At the exit door stood a man about six feet tall. He was nervous and his eyes looked as if he was going to cry if more tension developed. With a little quaver in his voice he said, (to the best of my memory) "We don't have anything against colored people worshipping, but I'm asking you to leave." I asked him if he was the pastor and he said that he was not, but that he was a member of the church board. I didn't get into any fiery argument. I got my coat

and left. As I walked out of the door, there was a man outside just standing there. Where he came from, I don't know. I knew he was not there when I went into the church. I thought maybe I could explain my problem to him and probably there could have been some changes made. After explaining to him that I was a student from Trevecca, a member of the Nazarene Church, a preacher and a visitor planning to make some announcements for the college, he was not one bit surprised, nor was he friendly enough to shake my hand or tell me his name. After he explained that he was a member of the church and that he had a son who graduated from Trevecca, he encouraged the idea of my leaving. His explanation for my being asked to leave was that they were trying to keep the congregation white, and that was the way they thought it should be. After he refused to allow me to use the church telephone to call another church, I left the church grounds not wanting to believe the words that my ears had heard. As I left the church, I tried to fight the negative idea that came into my mind — the idea that I was rejected as a Nazarene preacher at a Nazarene Church.

After leaving the church I went home and changed clothes so that I could ride a motorcycle to my grandmother's home. On the way to her house the pastor of Northside Church of the Nazarene recognized me. How he could do such a thing on a busy street after seeing me for only a few minutes I do not know. It must have been the spirit of the Lord guiding him. He followed me about 12 miles before he could get my attention. After I

stopped, he identified himself and apologized for the conduct of the church members. He said that the men who talked to me were only speaking for themselves and not the church. He invited me to return whenever I wanted to, and he promised that it would not happen again. Later, I called the District Superintendent. He apologized and suggested that I attend any other Nazarene Church in the city, in which I'll probably find more welcome.

Please pray for the unity for all Nazarenes. For I believe that Love will find a way: "Love never gives up; its faith, hope and patience never fail." (1 Cor. 13:7 Today's English Version.

Now there's a course that pays \$100 a month. Army ROTC.

If you will have two years of study remaining to complete your undergraduate degree requirements or plan to enter graduate school next fall, take a look at the Army ROTC Two-Year Program. Worth an extra \$100 a month. Every month for 10 months of the school year. To spend on room and board, dates and ball games. To save for higher education.

But Army ROTC means a lot more than more money. It will normally mean the opportunity to delay serving your military obligation until you have completed your education through the Masters degree level. It means management and leadership experience that you just can't get anywhere else. The kind of thing that can land you a better job, and move you along faster once you get it. It means a commission as an officer and everything that goes with it. The prestige, the pay, the chance to travel, the experience.

Army ROTC. The more you look at it the better it looks.

Take it.

The Steering Committee's responsibility with Dr. Parry as editor is to submit a final report to the Southern Association prior to our four year review of accreditation in December, 1973.

The first date on the time table for the publication of the report is September, 1972 when we will be visited by an evaluation committee of the Southern Association. In the Southern Association a school is accredited for a period of four years before the evaluation. After the initial accreditation, the renewal is for a ten-year period.

The members of the various Self Study Committees are extremely active at this time in evaluating the total college program to make this an outstanding Self Study report. Evaluating ourselves now will help in making future plans.

The Open Door

Have you heard about the open Door? It happens every Friday and Saturday night, downtown next to the Grand Old Opry. The price is a friendly smile and sharing God's love.

The Open Door is a coffee house sponsored by the Assembly of Church of God. It is an out-reach program, but free to all who wish to come in. It's a place to share problems, rap, sing, and talk about Jesus.

It is there, you will feel that love, that is warm and genuine. The joy you will see in the faces around you, radiant and smiling. For a really different and worthwhile night, try The Open Door.

HARDY HALL-TNC's FIRST CO-ED DORM

The great steel mouth of the two story salvage crane devoured the last remains of the gray stone and rotting lumber of Hardy Hall;

an old, if not beautiful, Trevecca Landmark.

Hardy Hall was supposedly built around 1908, as part of the old Antebellum Mansion. There were three buildings built at the time; Hardy, The Antebellum Mansion, and McKay Hall.

Prior to serving as Trevecca College, the campus had been used as an orphanage and a Black school, but when it was purchased by TNC it had been vacant for about seven years.

Hardy was first used by Trevecca as a mens dorm but due to low enrollment of men and high enrollment of women it was used, in 1940, to house both. The arrangement worked out quite well according to Howard Wall. The men lived on the second floor and used the fire escape outside to go in and out while the girls used the first floor. The foot of the inside stairway was a popular meeting place where, on more than one occasion, co-ed prayer meetings were held after a particularly good church service. Communication between the men and the women after hours was quite a bit more reliable than it is now. With the aid of the radiator pipes, messages were sent with amazing reliability and were not cut off at 11:30.

The building was later taken over completely by ladies until it was abandoned in 1965 for the new Georgia and Johnson halls.

Following a period of disuse it was taken over by maintenance and Ye Old Bookstore.

Coca-Cola For Ecology

Coca-Cola Bottling Works of Nashville has taken a positive approach to the environmental problems of our city by introducing a new 32 oz. returnable bottle with a resealable cap. This new package is designed not only to meet the consumers' need for the economy of the larger size bottles, but to minimize the impact on the solid waste problem. The bottle can be reused approximately 23 times. The amount of Coca-Cola sold in each 32 oz. bottle with its repeated usage should mean a reduction of 61 cans from the solid waste and litter problem. The wooden case in which the new larger bottles are shipped is also returnable. It has a lifetime of five years; approximately 100 trips. All resealable caps returned on the bottle will be sent to Alcoa for recycling. As for economy, the per-ounce price of Coca-Cola in the 32 oz. bottle is equal to the per-ounce price of Coke 48 years ago. It is the hope of the Coca-Cola Bottling Works that their lead will be followed by other bottlers in their industry.

2nd and 3rd shots at the baskets to turn back the pesky Chattanooga. The Trojans shot but 41% from the floor, but garnered 61 of 93 rebounds and controlled the tempo of the game from the outset.

Once again Charles Torain led the scoring with 18 points. He was followed closely by Gary Bedwell and Butch Baker who collected 17 and 15 respectively. Mike Runyan contributed 8 big points in the backcourt. Carl Winderl handed out 6 assists and played one of his better floor games of the year.

Next game for the Trojans will be their own Trevecca Invitational Tournament which will begin on Dec. 3 and will have TNC playing Mid-America and Mt. Vernon Nazarene playing favored Eastern Nazarene College.

TNC 104 KENTUCKY CHRISTIAN 64

Trevecca prepared for its return match with rival Belmont on January 20, by walloping an outmanned Kentucky Christian team 104-64. The Trojans were never threatened as they streaked to 51-29 halftime edge and coasted home.

Nelson Ridley led the scoring parade as every Trojan hit the scoring column. Ralph Watson played perhaps his finest game as he netted 15 points and gathered in 13 rebounds, nine coming off the offensive boards. Larry Griffey dented the double figure scoring column as he hit 10 points. Mickey Johnson accounted for 18 points as he scored 6 points and set up 6 buckets with nice feeds.

High scorer for Kentucky Christian was Stan Lawhon who tallied 10 points.

WHAT
ARE YOU

DOING

NOW?

TAKE A LONG LOOK AT
WHAT YOU'RE DOING.
COULD IT BE INTERRUPTED
BY SOME EXCITING AND
REWARDING SHORT TERM
SERVICE FOR CHRIST IN
JAPAN?

There are 1,700,000 university students in Tokyo alone. The goal of the Language Institute For Evangelism is to give each of these students an opportunity to hear the Good News about Jesus Christ.

The contact point for sharing Christ with these students is by meeting their desire to learn English conversation at Language Institute sponsored student centers. The extra-curricular activities that result from these classes allow staff members to establish personal friendships with students and to talk with them about Christ. Quarterly student retreats, weekly discussion cells for non-Christians, and student rallies offer other opportunities.

We are now operating two student centers in the Tokyo area and **WE ARE LOOKING FOR STAFF**. If you feel that God is leading you toward short term service for Him, fill in this ad and send to Greg Manderson, English Language Institute, 15-9, 3 chome, Higashi Ikebukuro, Toshima ku, Tokyo 170, Japan. We will send you information concerning the exciting and rewarding opportunities available beginning Summer '72.

TROJANS STUMBLE TO SEVENTH PLACE FINISH IN TENNESSEE TEMPLE TOURNAMENT

The Thanksgiving holidays were hardly a time for celebration for Trevecca's roundballers. It has since become known as "the lost week-end." The high-riding Trojans ran into two formidable opponents in Tennessee Temple and Baptist Christian College before stumbling past Covenant the final night to place seventh in the eight team tournament that took place at the Tennessee Temple gymnasium in Chattanooga.

First night action saw Tennessee Temple streak to a 51-30 halftime lead and breeze past the mistake-plagued Trojans 115-77. One can hardly pick an outstanding player in a game in which the Purple and White committed 32 turnovers. The high scoring front line of the Trojans which had averaged 50 points per game during the first four outings were held to 25 (Baker 5, Bedwell 10, Torain 10). Leading scorer for the Trojans was Nelson Ridley with 15 points — 9 of those coming from the charity stripe.

The Trojans managed to connect on only 24 of 63 field goal attempts for a weak 38%, while Tennessee Temple sizzled the nets with 53% of their floor attempts. Temple also controlled both backboards as the Trojans were outmuscled 49-30 on the boards with Gary Bedwell and Ralph Watson leading with 8 and 6 snares respectively.

Second night action saw the Trojans stay close in the early going only to have personal fouls catch up with them in the 2nd half. Although only one Trojan was lost to the foul route, they committed a total of 28 personal fouls to Bapt. Christian's 14. In the final analysis this was decisive as the Trojans

connected on 9 of 15 free throw attempts and Bapt. Christian capitalized on 28 of 38 "freebies."

Baptist Christian opened up only a 40-32 halftime lead, but blitzed the Trojans in the final stanza 62-41 to capture the game by a final score of 102-73. The shorter Trojans stayed with their taller opponents on the boards as they were only outrebounded 37-33, but how can you beat a team that hits 60% from the floor and 74% from the line. Trevecca canned a respectable 44% from the floor, but on this night, this was not respectable enough. Leading scorers for the Trojans were again the "Big Three", Gary Bedwell — 17, Butch Baker — 15, and Charles Torain — 12. They had backcourt assistance from Mickey Johnson, Tom Sheley, and Carl Winderl who evenly divided 18 points.

Trojans Take SCAC Crown

Trevecca's Conference Champ Trojans will attempt to live up to their title March 2-4 in Cleveland, Tennessee in the Southern Christian

The Trojans gained some satisfaction by defeating a conference foe in their final (thank goodness) game of the three-day tournament. Although the game doesn't count in the conference standing, the Trojans proved they are the team to beat in the conference as they beat Covenant College 81-72 to clinch seventh place in the Temple Tournament.

Despite 34 turnovers, the stronger Trojans consistently got

Trojan Skein SNAPPED By Lee

The Trevecca Trojans, having cinched the Conference Championship, met 2nd place Lee in the regular season finale for the Trojans. The fired-up Lee team, showing no signs of being 2nd best, jumped on Trevecca early and never let up as they romped to a 91-71 win over Trevecca.

Lee opened up by sizzling the nets and controlling the boards in racing to a 26-9 lead at the outset. A late first half rally and a 30 foot Nelson Ridley jumper at the buzzer enabled Trevecca to narrow the gap to 46-40 by the half.

Trevecca appeared ready to make a game of it in the opening moments of the 2nd half as they scored the first 3 points of the 2nd half and closed the Lee lead to only 46-43. Lee, once again, caught fire and never looked back as they raced to as much as a 24 point lead late in the game. Lee's John "Bear" Trenum paced Lee in scoring with 26 points, most all of them coming from within five feet of the basket. He, along with 6'7" Theodore Sanford, helped in dominating the offensive and defensive boards.

The Trojans were paced by Charles Torain who contributed 18 points in the losing effort.

Trevecca ended its regular season with a 15-7 record.

DRAKE HELPS TROJANS

As the picture above shows, Mr. Paul Budstick is presenting a check to Trojan Head Coach Chet Foraker. The check, in the amount of two hundred and fifty dollars, is to go toward the Trojan grant-in-aid program. The money will be used in the form of a basketball athletic scholarship. Mr. Paul Budstick is also the owner of the Drake Motel which is located at 420 Murfreesboro Road, Nashville, Tennessee. Aside from the two hundred and fifty dollar donation, Mr. Budstick employs several Trevecca students; and at the same time, the Drake Motel is quite popular with Trevecca students, faculty, and friends.
